Subject: FW: Registration for PSA Creative Interclub Competitions

I'd like to invite your club to participate in the 2011-2012 season PSA Creative Interclub Competitions. The interclub competitions provide an outlet for your club's more creative individuals.

I'm sure every club has the far out fringe members who push the envelope between straight photography and illustration. The one's who seem to have never seen a shot they didn't think could be "improved" by adding this or that, tweaking some (or all) of the image to add their own special flare.

PSA has creative competitions series for individuals. The Creative Interclub Competition gives them a chance to compete as a group. The "creative minds" in your club push each other to do better, to be more creative, to inspire others with the possibilities open to members coming up. The club competition takes that same spirit to another level. To where your creatives can be inspired by others around the world.

Take a look at [last year's winners](#). Show them to those in the club who might be interested in banding together to be some of the most creative photographers on the planet.

Signup at the PSA Color Projected Image Division [Creative Interclub Competitions site](#) by filling out the registration form and emailing it back to me.

We're going to have a good time this year. I hope your club will be a part of it.

Thanks

Tom

Tom Peterson
Director, PSA Creative Interclub Competitions
